

READ ME FIRST - how to fill the sheets (do not scan this page)

EVERY CHARACTER GETS 3 BOXES - FILL IN THE KEEPERS

filled: becomes
your letter 'a'

not filled:
thrown away

filled: becomes
an alternate 'a'

THE RULES

- write the character in all THREE boxes - vary naturally, don't trace-copy
- then FILL IN the circle above every version you actually like
- 1st filled version = the letter in your font (1, 2 or 3 fills is fine)
- 2nd & 3rd filled = rotating alternates (repeats won't look cloned)
- no fill on a version = it is thrown away - a botched box costs nothing
- no fill on ANY of the three = all non-empty boxes get used

FILLING IN

- fill the circle solidly - a light mark may be missed
keep it inside the circle; a stray mark in the box joins the letter

UP-DOWN: the solid line is the floor, the dashed line is the body height

body between
dashed & solid

ascender
goes high

tail below
the solid line

half-ascender
is fine

CAPITAL: tall,
on the solid line

SMALL CAP:
up to the dashed

digits =
capital height

LEFT-RIGHT: anywhere in the box is fine

- keep the character roughly centered, with a little air on both sides
- exact left-right position does NOT matter - letter spacing is measured
from the ink itself, not from the box
- never touch the gray border: ink on the border gets cut off
- width is free: a wide m and a narrow i are both fine

How to draw the tricky ones (do not scan this page)

DIACRITICS - accents live above the body; they may go higher than the dashed line

haček above
the body

caron beside
the stem

accent replaces
the dot

ring on top

capital + accent:
squeeze up top

ogonek hangs
below the line

stroke through
the stem

PUNCTUATION & SYMBOLS - draw them where they sit when you write a sentence

on the solid,
tail below

quotes float
up high

low quote: on
the solid line

full height

like a capital

middle of
the box

draw it big,
centered

LIGATURES - write the PAIR as one joined movement, no pen lift if you can

joined th

joined fi

GOLDEN RULES

- the BIG character at the start of each triple is what those three boxes want - write that character three times
- one pen for everything - Light & Bold are computed later
- empty boxes = character skipped, that's OK

BEFORE YOU START

- natural speed beats careful hesitation
- print at 100% / actual size - never "fit to page"

write each character 3x, then FILL IN the circle above every version you like - versions left unfilled are discarded

a				b				c			
d				e				f			
g				h				i			
j				k				l			
m				n				o			
p				q				r			
s				t				u			

write each character 3x, then FILL IN the circle above every version you like - versions left unfilled are discarded
